You'll have to wait to hear from Fetzer, but I understand there has been no positive progress. Right now we are trying to hold our own.

Subject: Dimock - Sampling Plan and Schedule

Good afternoon Rich,
I just wanted to follow up with you in regards to the Round 2 Dimock Sampling Plan submitted on 4/27/12. Do you know if any additional comments or changes have been made to the SAP? I also wanted to doublecheck to see if there was anything I should be doing to prepare for the sampling event. As it currently stands I am awaiting comments on the SAP. I had planned that once the SAP was approved I would begin to make travel plans, finalize staff, procure lab services, etc.
Thanks,

Suddha Graves
